

SpinWave Cordless | 2240F

No more cleaning on your hands & knees

A powerful and easy to use electric mop that reduces effort of cleaning with power spin pads. The delicate mopping system allows you to control water release and apply optimal wetness to thoroughly clean hard flooring surfaces. Use the soft touch pads to gently clean hard floors and the powerful scrubby for tough, sticky messes.

- On demand spray control the amount of water and solution that goes on your floor
- You control the wetness to make it safe for use on all floors
- Washable pads
- Swivel steering. Maneuver easily across your floors
- Easy-fill solution tank
- Restores the natural shine of your flooring with the wood floor formula
- 4 sets of washable power spin pads. Soft pads for everyday cleaning and scrubby pads for touch, sticky messes
